PREFACE.

The fact that upwards of 700 By-laws had been passed by the Municipal Council since the consolidation of 1879,—many to repeal or amend portions thereof and many (rendered necessary by changes in the Municipal Act) to enact matters not contemplated at the time of that revision, convinced the Council of 1892 that the publication of a new edition, could not, in the interests of the public, be longer delayed.

After being commissioned to undertake the work, I was authorized to confer with the several Standing Committees in regard to such portions of the consolidation as related to their respective departments; and my sincere thanks are due to the chairmen and members of these respective Committees for their courtesy to myself as well as for the consideration and assistance rendered in the revision of the work.

I have deemed it expedient to publish, in their serial order (see table I), the titles, dates, etc., of the By-laws passed since the last consolidation, except such as provide for levying rates to pay for local improvements—an abstract of which will be found in tables II to VI inclusive. It is hoped that these several tables as well as the index will be found complete and convenient for reference.

That the Volume as a whole may be found convenient and valuable to all whose duty it is to administer civic government as well as to any others who may have occasion to refer to it, is the sincere desire of the compiler.

C. A. KINGSTON.

and for other purposes.

ASSENTED TO 4th May, 1891.

WHEREAS the municipal council of the corpora- Preamble.
tion of the city of London has by its petition
represented that its debenture debt, exclusive of
local improvement debentures, amounts to the sum
of \$2,030,023.47, maturing as follows :

1891.....	\$147,500 00
1892.....	70,000 00
1893.....	672,634 99
1894.....	134,866 66

1896.....	219,486 66
1897.....	2,000 00
1898.....	325,035 16
1901.....	2,000 00

1913.....	175,000 00
1917.....	115,000 00

\$2,030,023 47

And whereas it has been made to appear that the
said indebtedness was incurred mainly in providing
a system of waterworks for the said city of London,

in erecting and extending the high and public schools of the said city, in investing in railway debentures and other securities now held by the said corporation, and in improving by public works and buildings the said city, in order to keep pace with the growth and progress thereof, and that it is expedient that the said corporation shall be enabled to consolidate its said indebtedness and to effect a loan to pay off the same, at a lower rate of interest and payable at longer dates than apply to the existing debt; and whereas it has also been made to appear that \$596,823.19 have been expended by the said corporation on capital account in the construction and extension of the said waterworks system which produces a revenue to the said city more than sufficient to pay off the debentures which will be required to be issued to retire outstanding debentures to the amount of \$534,628.94 issued on account of the said waterworks and which said outstanding debentures form part of the said debenture debt; and whereas the said municipal council has by its said petition prayed for the passing of an Act for the purposes aforesaid, and that new provisions be made as to the limit of the borrowing power of the said corporation; and whereas it is expedient to grant the prayer of the said petition;

Therefore Her Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Power to borrow
\$2,000,000 on

times fixed for payment thereof, on such terms and conditions as may be agreed on.

3. The said corporation may also buy in the said debentures or may agree with the holders of them or any of them whether the time fixed for payment of them shall have arrived or not for the substitution for them or any of them of debentures to be issued under the authority of this Act at such price and on such terms and conditions as may be deemed best.

4. All charges and expenses of and incidental to the payment or redemption of the debentures mentioned in the preamble to this Act may be paid out of the proceeds of the said loan.

Payment of expenses of redeeming existing debentures.

5. The debentures to be issued under the authority of this Act shall be known as "City of London General Consolidated Loan Debentures," and may be made payable in Canada or Great Britain, the United States of America or elsewhere, and in any currency and shall be in sums of not less than \$100 Canadian currency or £20 sterling money of Great Britain.

8. The said municipal council shall levy in each year during the said period of forty years the sum of \$101,047 for the payment of the debt created by the issue of the said debentures and the interest thereon instead of the sums which would require to be raised for those purposes under the provisions of *The Municipal Act*, and so much of the said sum as shall not be required to pay the annual interest on the said debentures shall, subject to the provisions of section 10 of

Amount to be levied annually.

Rates required
by former by-
laws need not be
levied.

10.
